PRIMARY CARE PHYSICIANS

A Primary Care Physician (PCP) is a physician who is a participating provider and who a member designates to arrange and coordinate all aspects of his or her care. A PCP includes physicians that practice in the fields of Family Practice, Internal Medicine, Pediatrics or Geriatric Medicine. The continued participation of any one provider or that a provider is accepting new patients cannot be guaranteed.

URGENT CARE

Urgent Care centers are for medical problems that are urgent but not life-threatening. Urgently needed care is when you need medical help for an unforeseen illness, injury, or condition, but your health is not in serious danger. Most centers are open evenings, weekends and holidays. Please contact the Urgent Care center to confirm their hours of operation. The continued participation of any one provider cannot be guaranteed.
