Senior Care Plus

A Medicare Advantage Plan from Hometown Health.

This document includes a list of the drugs (formulary) for our plan which is current as of 10/01/2025. For an updated formulary, please contact us. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You must generally use network pharmacies to use your prescription drug benefit. Benefits, formulary, pharmacy network, and/or copayments/coinsurance may change on January 1, 2025, and from time to time during the year.

What is the Senior Care Plus Formulary?

A formulary is a list of covered drugs selected by Senior Care Plus in consultation with a team of health care providers, which represents the prescription therapies believed to be a necessary part of a quality treatment program. Senior Care Plus will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at a Senior Care Plus network pharmacy, and other plan rules are followed. For more information on how to fill your prescriptions, please review your Evidence of Coverage.

Can the Formulary (drug list) change?

Most changes in drug coverage happen on January 1, but Senior Care Plus may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new restrictions. We must follow the Medicare rules in making these changes.

Changes that can affect you this year: In the below cases, you will be affected by coverage changes during the year:

- **New generic drugs.** We may immediately remove a brand name drug on our Drug List if we are replacing it with a new generic drug that will appear on the same or lower cost sharing tier and with the same or fewer restrictions. Also, when adding the new generic drug, we may decide to keep the brand name drug on our Drug List, but immediately move it to a different cost-sharing tier or add new restrictions. If you are currently taking that brand name drug, we may not tell you in advance before we make that change, but we will later provide you with information about the specific change(s) we have made.
 - If we make such a change, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can find information in the section below titled “How do I request an exception to the Senior Care Plus Formulary?”
- **Drugs removed from the market.** If the Food and Drug Administration deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, we will immediately remove the drug from our formulary and provide notice to members who take the drug.
- **Other changes.** We may make other changes that affect members currently taking a drug. For instance, we may add a new generic drug to replace a brand name drug currently on the formulary or add new restrictions to the brand name drug or move it to a different cost-sharing tier. Or we may make changes based on new

clinical guidelines. If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug or move a drug to a higher cost-sharing tier, we must notify

Senior Care Plus

A Medicare Advantage Plan from Hometown Health.

affected members of the change at least 30 days before the change becomes effective, or at the time the member requests a refill of the drug, at which time the member will receive a 30-day supply of the drug.

- If we make these other changes, you or your prescriber can ask us to make an exception and continue to cover the brand name drug for you. The notice we provide you will also include information on how to request an exception, and you can also find information in the section below entitled “How do I request an exception to the Senior Care Plus Formulary.”

Changes that will not affect you if you are currently taking the drug. Generally, if you are taking a drug on our 2025 formulary that was covered at the beginning of the year, we will not discontinue or reduce coverage of the drug during the 2025 coverage year except as described above. This means these drugs will remain available at the same cost sharing and with no new restrictions for those members taking them for the remainder of the coverage year. You will not get direct notice this year about changes that do not affect you. However, on January 1 of the next year, such changes would affect you, and it is important to check the Drug List for the new benefit year for any changes to drugs.

The enclosed formulary is current as of 10/01/2025. To get updated information about the drugs covered by Senior Care Plus, please contact us. Our contact information appears on the front and back cover pages.

How do I use the Formulary?

There are two ways to find your drug within the formulary:

Medical Condition

The formulary begins on page 8. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, “Cardiovascular Agents”. If you know what your drug is used for, look for the category name in the list that begins on page 8. Then look under the category name for your drug.

Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index that begins on page 70. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Senior Care Plus covers both brand name drugs and generic drugs. A generic drug is approved by the FDA as having the same active ingredient as the brand name drug. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage. These requirements and limits may include:

Senior Care Plus

A Medicare Advantage Plan from Hometown Health.

- **Prior Authorization:** Senior Care Plus requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval from Senior Care Plus before you fill your prescriptions. If you don't get approval, Senior Care Plus may not cover the drug.
- **Quantity Limits:** For certain drugs, Senior Care Plus limits the amount of the drug that Senior Care Plus covers. For example, Senior Care Plus provides 30 tablets per prescription for simvastatin. This may be in addition to a standard one-month or three-month supply.
- **Step Therapy:** In some cases, Senior Care Plus requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Senior Care Plus may not cover Drug B unless you try Drug A first. If Drug A does not work for you Senior Care Plus will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 8. You can also get more information about the restrictions applied to specific covered drugs by visiting our Web site. We have posted online documents that explain our prior authorization restriction and step therapy restrictions. You may also ask us to send you a copy. Our contact information, along with the date we last updated the formulary, appears on the front and back cover pages.

You can ask Senior Care Plus to make an exception to these restrictions or limits or for a list of other, similar drugs that may treat your health condition. See the section, "How do I request an exception to the Senior Care Plus formulary?" on page 4 for information about how to request an exception.

What are over-the-counter (OTC) drugs?

OTC drugs are non-prescription drugs that are not normally covered by a Medicare Prescription Drug Plan.

What if my drug is not on the Formulary?

If your drug is not included in this formulary (list of covered drugs), you should first contact Member Services and ask if your drug is covered.

If you learn that Senior Care Plus does not cover your drug, you have two options:

- You can ask Member Services for a list of similar drugs that are covered by Senior Care Plus. When you receive the list, show it to your doctor and ask him or her to prescribe a similar drug that is covered by Senior Care Plus.
- You can ask Senior Care Plus to make an exception to cover your drug. See below for information about how to request an exception.

How do I request an exception to the Senior Care Plus Formulary?

You can ask Senior Care Plus to make an exception to our coverage rules. There are several types of exceptions that you can ask us to make.

- You can ask us to cover a drug even if it is not on our formulary. If approved, this drug will be covered at a pre-determined cost-sharing level, and you would not be able to ask us to provide the drug at a lower cost-sharing level.

Senior Care Plus

A Medicare Advantage Plan from Hometown Health.

- You can ask us to cover a formulary drug at a lower cost-sharing level if this drug is not on the specialty tier. If approved this would lower the amount you must pay for your drug.
- You can ask us to waive coverage restrictions or limits on your drug. For example, for certain drugs, Senior Care Plus limits the amount of the drug that we will cover. If your drug has a quantity limit, you can ask us to waive the limit and cover a greater amount.

Generally, Senior Care Plus will only approve your request for an exception if the alternative drugs included on the plan's formulary, the lower cost-sharing drug or additional utilization restrictions would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

You should contact us to ask us for an initial coverage decision for a formulary or utilization restriction exception. **When you request a formulary or utilization restriction exception you should submit a statement from your prescriber or physician supporting your request.** Generally, we must make our decision within 72 hours of getting your prescriber's supporting statement. You can request an expedited (fast) exception if you or your doctor believe that your health could be seriously harmed by waiting up to 72 hours for a decision. If your request to expedite is granted, we must give you a decision no later than 24 hours after we get a supporting statement from your doctor or other prescriber.

What do I do before I can talk to my doctor about changing my drugs or requesting an exception?

As a new or continuing member in our plan you may be taking drugs that are not on our formulary. Or you may be taking a drug that is on our formulary but your ability to get it is limited. For example, you may need a prior authorization from us before you can fill your prescription. You should talk to your doctor to decide if you should switch to an appropriate drug that we cover or request a formulary exception so that we will cover the drug you take. While you talk to your doctor to determine the right course of action for you, we may cover your drug in certain cases during the first 90-days you are a member of our plan.

For each of your drugs that is not on our formulary or if your ability to get your drugs is limited, we will cover a temporary 30-day supply. If your prescription is written for fewer days, we'll allow refills to provide up to a maximum 30-day supply of medication. After your first 30-day supply, we will not pay for these drugs, even if you have been a member of the plan less than 90 days.

If you are a resident of a long-term care facility and you need a drug that is not on our formulary or if your ability to get your drugs is limited, but you are past the first 90-days of membership in our plan, we will cover a 31-day emergency supply of that drug while you pursue a formulary exception.

Transition fills include the transition of new Enrollees into a Medicare Part D Plan following the annual coordinated election period; the transition of newly eligible Enrollees into a Medicare Part D Plan from other coverage; the transition of enrollees from one plan to another after the start of a plan year (i.e. after January 1); Enrollees residing in a Long-Term- Care (LTC) Facility; and current Enrollees in a Medicare Part D Plan affected by Formulary changes from one plan year to the next.

The transition period is the first 90 days of coverage under a Medicare Part D Plan following a transition, coverage will be extended across contract years if an Enrollee has an effective enrollment date of either November 1 or December 1 to allow for the full 90 days of coverage. During this time, Medicare Part D Plans must provide temporary fill of a Non-Formulary Drug to an Enrollee.

Senior Care Plus

A Medicare Advantage Plan from Hometown Health.

For Enrollees who are residents of Long-Term Care Facilities and obtain their prescriptions from a Long-Term Care Network Pharmacy or who experience a transition characterized as a level of care change from one treatment setting to another, Senior Care Plus will provide up to a 31-day supply of Non-Formulary Drug. An override for up to a 31-day supply is entered to allow the Non-Formulary Drug claim to process.

Senior Care Plus Formulary

The formulary that begins on page 8 provides coverage information about the drugs covered by Senior Care Plus. If you have trouble finding your drug in the list, turn to the Index that begins on page 70.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., CRESTOR) and generic drugs are listed in lower-case italics (e.g., *rosuvastatin*).

The information in the Requirements/Limits column tells you if Senior Care Plus has any special requirements for coverage of your drug.

NOTES KEY

The symbol **B/D** next to a drug name indicates that the drug is Part D vs Part B with prior authorization only.

The symbol **PA or PA NSO** next to a drug name indicates that prior authorization may apply. PA NSO means the Prior Authorization only applies to drugs that are newly prescribed, **NSO** = New Starts Only.

The symbol **QL** next to a drug name indicates that quantities dispensed may be limited.

The symbol **ST or ST NSO** next to a drug name indicates that Step Therapy may apply. ST NSO means the Step Therapy only applies to drugs that are newly prescribed, **NSO** = New Starts Only.

The symbol **NDS** next to a drug name indicates that Non-Extended Day Supply may apply.

You will be notified when a generic is available throughout the year for certain brand name drugs. Certain prescription drugs related to Home Infusion Therapy that are normally covered under our outpatient prescription drug benefit may instead be covered under our medical benefit.
